

„The bowls and champagne buckets..“

## Champagne buckets...

The bowls, champagne buckets and tableware from our new product line presented here carry the signature of this high end producer, they are made from reputable solid pewter.

This unique line now collaborates with the most prestigious creators of the design world and luxury industry. As masters of artistic creations, they are the world leader in this sector.

Their name guarantees prestige.

Their history is a symbol of authenticity.

Their glamour delivers a shining presence.

First class references like Hermès, LVMH..complete this high quality level..
