Inspired by the **nautical world**, these pieces with **pure and contemporary lines** are the Outdoor Collection of Christofle. It is ideal for a friendly entertaining outside (garden, terrace, boat...).

Combining functional with aesthetics, the rings are inspired by eyelets found on the most **prestigious yachts**. The product shapes which are at the same time round and soft, come with a decorative detail, offering a better grip.

This collection revolves around a **time of sharing**: the cocktail.

Anchored in the time-honored tradition of silversmithing, the Maison Christofle has been creating beautiful, useful objects since 1830, objects that perfectly reflect the French art of living and meet the needs of modern living with the utmost elegance.

Drawing on our incredible wealth of knowledge and our attentiveness to contemporary rituals and rhythms, we bring a touch of the extraordinary into people's lives, transforming the simplest occasion into a moment of shared pleasure.

The sparkle of silver, the elegant lines of our creations and the careful consideration given to their use result in a form of indulgence that redefines today's conviviality.
